

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Original) Polymer composition comprising a thermoplastic elastomer including styrene and isoprene and/or vinylisoprene units (SI) and a syndiotactic polypropylene (s-PP).
2. (Original) Polymer composition according to claim 1, in which the SI is at least partially hydrogenated.
3. (Currently amended) Multilayer structure at least one layer including a polymer composition according to claim 1 ~~or 2~~.
4. (Currently amended) Multilayer structure ~~to the preceding claim~~, which is a multilayer film or tube and in which the layer including the polymer composition according to claim 1 ~~or 2~~ is the sealing layer.
5. (Currently amended) Film or tube according to ~~the preceding~~ claim 4, in which the sealing layer comprises additionally EVA and/or EMA.
6. (Currently amended) Film or tube according to ~~any of claims~~ claim 4 ~~or 5~~, having at least one barrier layer comprising resins like EVOH (ethylene vinyl alcohol copolymer), PA (polyamide), polyester, LCP (liquid crystal polymer) or mixtures thereof, or a cyclic olefin polymer (COP).
7. (Currently amended) Film or tube according to ~~any of claims~~ claim 4 ~~to~~ 6, having an outer layer comprising a thermoplastic polyester elastomer (TPE) and/or a PEBA (polyester block polyamide).
8. (Currently amended) Film or tube according to ~~any of claims~~ 4 ~~to~~ 7, which comprises a major more than 40 % in weight of metallocene technology PO (polyolefin) resins from which at least 30 wt % PP (polypropylene) resins.

9. (Currently amended) Bag made by welding a film according to ~~any of claims~~ claim 3
~~to 8.~~

10. (Currently amended) Injection moulded article comprising a polymer composition
according to ~~any of claims~~ claim 1 or 2.
